Administrative history / Biographical sketch

Note

The British Columbia Division of the Canadian Association of Geographers came into being in 1958. In 1968 this Division became the Western Division of the Canadian Association of Geographers (WDCAG) and they included members of the parent body from Alberta and the Western States. The purposes of the organization are the promotion of geographical study, teaching and research. The Division holds annual meetings and publishes a newsletter and occasional papers.

Scope and content

The fonds consists of records made or received by the WDCAG and reflect the administration and operation of the organization. Includes correspondence, minutes, reports, newsletters and publications, and other documents.
