

Advanced Accounting

Business Administration 420

Section: D100

Term: 2005 Spring

Instructor: A. Duncan

Office: WMX 3377

Phone: 291-3637

e-mail: duncan@sfu.ca

Discussion Topics: Course Objectives:

This course provides in-depth coverage of selected topics from advanced financial accounting.

The main component relates to business combinations and the accounting for associated legal entities. There will be discussion of theory and policy for each topic covered.

Course Coverage:

1. Business Combinations, including: asset purchase, amalgamations, purchase acquisitions, minority interest, inter-company transactions, change in % holdings, consolidated CFS, joint ventures (and a diminished discussion of pooling).

2. Foreign Currency transactions, hedging commitments, foreign currency translation and consolidations.

3. Not-For-Profit Accounting and Public Sector Accounting

Grading: A tentative grading scheme appears below. It may be changed at the instructor's discretion.

9% Term Assignments

16% Term Tests

33-25% Midterm Exam

42-50% Final Exam

The midterm/final split will favour your best combination.

100%
