CHANCELLOR'S WELCOME

Welcome to SFU's June 2023 Convocation Ceremony! It is wonderful to mark this milestone with you.

As I reflect on this occasion, I am reminded of the important role that community plays in our lives. The SFU community has been a great source of encouragement for me, and Convocation is a perfect example of that—a day for everyone to come together, celebrate your incredible achievements and lift each other up.

I also want to thank you for everything you brought to this community. Your passion for learning, your kindness and compassion, your brave ideas—SFU would not be SFU without your contributions.

You graduate into a world full of change and uncertainty; one with many complex challenges and few easy answers. But I know you will meet them with the grace and heart that you shared with us during your time here. And the SFU community will be behind you the whole way.

From all of us, our heartfelt congratulations.

**Tamara Vrooman, O.B.C., LLD (hon.)
Chancellor**

PRESIDENT'S WELCOME

Over the past months, I have spent a lot of time thinking about the future. Not just about what's next for SFU, but about the world—what's next for all of us in the years ahead.

We are living through a period of intense change and uncertainty. There is a lot of doom and gloom out there! But I have always believed that paths to the future are not found, they are created—created by people like you. During your time at SFU, you have gained the knowledge, skills and understanding to see a brighter future for everyone, as well as the role you can play in bringing it to life.

As you mark this important moment with friends, family and all those who helped you along the way, please know that whatever path you choose, SFU will always be here for you. Don't forget to come back and tell us about all the amazing things you're doing.

I'm so grateful for everything you brought to the university, and excited for the future you will help to create. On behalf of everyone at SFU—thank you, and congratulations.

**Joy Johnson, PhD, FCAHS, FRSC
President and Vice-Chancellor**

As Co-Chair of SFU's Alumni Council, I congratulate you on graduating from SFU! This is an accomplishment that has taken significant time, energy and support to achieve.

As your journey continues as an SFU alumnus, SFU is here to help you expand your personal and professional network through our alumni events and initiatives, and to support your success by offering a selection of alumni benefits that include career services, library services and preferred rates on programs that address your personal and professional interests and development.

Please keep your email and mailing addresses up to date with SFU so we can help you make and maintain connections, inform you of upcoming events and let you know about opportunities to remain involved and engaged with our great university.

Like any strong community, we take pride in your accomplishments—so please keep us informed of your life journey, and watch our social media channels for information on the accomplishments of fellow grads.

Alumni are SFU's greatest ambassadors; thank you in advance for helping to showcase the value of your SFU education and the impact that it will have as you engage the world.

Congratulations, fellow alumni!

HISTORY

The university is named after Simon Fraser, loyalist, fur trader and explorer, who in 1808 completed a great journey in the annals of Canadian history by descending the river which today bears his name. In January 1963, a report recommended the creation of a new university in the Lower Mainland — two months later the establishment of Simon Fraser University received formal assent in the British Columbia Legislature and Dr. Gordon M. Shrum was appointed the first chancellor.

From a variety of sites, the chancellor recommended the top of Burnaby Mountain, with its magnificent views of Burrard Inlet, the Coast Mountains, the Fraser River and Vancouver harbour – the unceded, traditional and occupied lands of the *Sḵwxwú7mesh Úxwumixw* (Squamish), *səlilwətaʔt* (Tsleil-Waututh), *kʷikʷəłəm* (Kwkwetlem) and *xʷməθkʷəyəm* (Musqueam) peoples.

The Vancouver firm of Erickson/Massey won the design competition, but the four runner-up architects each designed at least one building within the overall plan. Construction began in the spring of 1964 and 18 months later, on September 9, 1965, SFU opened to 2,500 charter students.

Since then, the university has expanded to downtown Vancouver and the Surrey Central district. The Vancouver campus has grown from a modest storefront offering night school classes in the early '80s to the largest post-secondary institution downtown. SFU Vancouver's nine sites offer degree and continuing studies opportunities for students and include several galleries, innovation centres, a student residence and the internationally renowned Morris J. Wosk

Centre for Dialogue. SFU's Vancouver campus celebrated 30 years of learning, research and community engagement in 2019.

Since 2002, SFU's Surrey campus has helped define and shape Surrey's city centre. The campus offers a diverse number of undergraduate, graduate and continuing studies courses and is home to world-class, leading edge research in health, energy and creative technologies. The Surrey campus also supports a thriving entrepreneurial learning environment. The campus currently occupies a stunning facility designed by renowned architect Bing Thom. In the fall of 2019, SFU's Surrey campus opened its newest 160,000 square foot building, the last project designed by the late Thom. The building houses SFU's new School of Sustainable Energy Engineering, featuring innovative labs and a 400-seat lecture theatre for both academic and community use.

Simon Fraser University is characterized by its adventurous spirit, openness, willingness to embrace bold initiatives and its commitment to reconciliation. SFU's unique educational programs, inspired research and vibrant community relations set it apart from other universities — in B.C. and in Canada.

*SFU respectfully acknowledges that its three campuses reside on the traditional, unceded territories of the *Sḵwxwú7mesh Úxwumixw* (Squamish), *səlilwətaʔt* (Tsleil-Waututh), *xʷməθkʷəyəm* (Musqueam), *kʷikʷəłəm* (Kwkwetlem), *Kwantlen*, *qíćəy* (Katzie), *Qayqayt*, *Semiahmoo* and *Tsawwassen* peoples.*

HONORARY DEGREE RECIPIENTS

SFU's honorary degree is the highest honour conferred by the university. The degrees are awarded to distinguished individuals in recognition of their scholarly, scientific or artistic achievement, or in recognition of exceptional contribution to the public good. Honorary degree recipients' achievements celebrate our values and serve as an inspiration to our students, graduands and our community.

Dr. Zainub Verjee, Doctor of Fine Arts, *honoris causa*
Tuesday, June 6, 9:45 a.m.
Ceremony A

As a trailblazer, Zainub Verjee has built a formidable reputation as an artist, writer, critic, arts administrator and public intellectual in Canada and abroad over the past four decades. At ease in the world of art, policy and diplomacy, her capacities for organizing dialogue on matters of public good and its imagination have been extraordinary and inspiring. Born in Kenya and educated in the United Kingdom, Verjee arrived in Canada in the 1970s and studied Business Administration and Economics at Simon Fraser University. While in Vancouver, rooted in transformational power of arts and culture, she forged new alliances of women and labour, and embedded racial equity into her evolving discourse and practice. Her artwork has been exhibited globally at such venues as MoMA New York and the Venice Biennale and resides in public and private collections. A thought leader, persuasive champion of arts and advocate for artist rights, Verjee has contributed to international instruments of culture such as the Status of the Artist and Cultural Diversity and helped build institutions such as the British Columbia Arts Council, the Vancouver Asian Heritage Month Society and In Visible Colours: An International Women of Colour and Third World Women Film/Video Festival and Symposium in 1989. Among many honours and awards, Verjee is the recipient of a 2020 Governor General's Visual and Media Arts Award for her outstanding contributions. A Senior Fellow of Massey College and a McLaughlin College Fellow, Verjee's public policy expertise spans artist labour and income, racial equity, gender and cultural diplomacy and trade. Through her work and scholarship, she has raised the level of cultural policy debate and discussion on arts in Canada and beyond.

Dr. Svend Robinson, Doctor of Laws, *honoris causa*
Tuesday, June 6, 2:30 p.m.
Ceremony B

Svend Robinson is a well-known community leader, activist and lawyer who served as an NDP Member of Parliament (MP) representing Burnaby for more than 25 years (1979-2004)—one of the longest-

elected MPs in Canadian history. The first openly gay member of Parliament, Robinson has been a long-standing human rights champion and feminist, who often challenged the status quo, speaking out against government inaction on the AIDS crisis, standing up for Indigenous rights and old-growth forests and working with Sue Rodriguez in the dying with dignity movement. His Bill in Parliament added sexual orientation to hate crime legislation, and, as an anti-apartheid activist, he was on the Canadian delegation to the South African election in 1994. He also led the charge to bring Nazi war criminals in Canada to justice and as foreign affairs critic took a leadership role on support for human rights globally, including Palestine, Kurdistan and China. A co-chair of the International LGBT Human Rights Conference and diplomat with the Global Fund to Fight AIDS, Tuberculosis and Malaria, Robinson has been a strong supporter of the SFU community, most recently as the J.S. Woodsworth resident scholar at the Institute for the Humanities.

Dr. Dany Laferrière, Doctor of Letters, *honoris causa*
Wednesday, June 7, 9:45 a.m.
Ceremony C

Dany Laferrière is an award-winning writer and filmmaker. In 1985, the publication of his first novel *How to Make Love to a Negro (Without Getting Tired)* catapulted him to instant celebrity. Since then, he has penned 36 books, including a critically acclaimed drawn work series. Laferrière refers to his work as a whole, as "An American Autobiography." This ranges from fiction drawing on his happy childhood in Haïti to field notes across America, and the world. In *A Drifting Year or How to Conquer America in One Night* (a comedy film), the narrator talks about the first difficult years in Montreal; he proclaims that he wants to become a writer and conquer the world. Today it is done. Fiercely independent, he was compared early on to James Baldwin and Charles Bukowski. With his book *The Return* (a meditation on exile, loss and "navigating through two worlds") he won the 2009 Prix Médicis in France. In his satirical take on national identity, *I Am a Japanese Writer*, he paid homage to the poet Basho. For Laferrière, "a writer's country is his first library." *The World Is Moving Around Me* is his intimate account of the 2010 Haitian earthquake, experienced first-hand. An Officer of the Order of Canada and an Officer of the National Order of Quebec, Laferrière was also named Commander of the Legion of Honor, the highest order of merit in France.

HONORARY DEGREE RECIPIENTS

Dr. Barbara Findlay, Doctor of Laws, *honoris causa*
Wednesday, June 7, 2:30 p.m.
Ceremony D

Barbara Findlay K.C. describes herself as a fat old white cisgender queer lawyer with disabilities, raised working class and Christian on the prairies. She says that all of those

locations have informed her lifelong legal and political activism, especially advocating for queer and trans people and doing unlearning racism and anti-oppression work. Her life's work is intertwined with the history of LGBTQ+ activism in B.C. and is the subject of the 2016 documentary by Becca Plucer titled *In Particular, Barbara Findlay*. Among many honours, Findlay was made a K.C. (King's Counsel) in 2001, and has been honoured by the Canadian Bar Association with its highest award.

Dr. Donald Dingwell, Doctor of Science, *honoris causa*
Thursday, June 8, 2:30 p.m.
Ceremony F

Canadian geoscientist Donald Dingwell is regarded as one of the world's leading volcanologists. He is internationally known for experimental geosciences, carrying out experiments on the physical properties of

volcanic systems, including their kinetic processes and eruptions, and expanding our understanding of magma physics and the processes that drive volcanic eruptions. Dingwell and his team have been pivotal in advancing what we know about the physiochemical properties of molten systems, and their influence on magmatic, volcanic and ore-forming processes. His discoveries now set the standard for how we experimentally investigate volcanic systems. Dingwell, from Corner Brook, Newfoundland, is Chair of Mineralogy and Petrology and founding director of the Department of Earth and Environmental Sciences at the University of Munich. The third Secretary General of the European Research Council, and past-president of the International Association of Volcanology and Chemistry of the Earth's Interior (IAVCEI), Dingwell currently serves as Vice-President of the Academia Europea. He holds the Order of Newfoundland and Labrador, the Order of Merit of Germany and is an Officer of the Order of Canada.

Dr. Adelle Blackett, Doctor of Laws, *honoris causa*
Friday, June 9, 9:45 a.m.
Ceremony G

Adelle Blackett is an acclaimed scholar, educator, advocate and international leader who has worked tirelessly to advance social justice and labour law. A law professor at McGill University, where she holds a Canada

Research Chair in Transnational Labour Law and Development, she is the principal drafter of the Scarborough Charter on Anti-Black Racism and Black Inclusion in Canadian Higher Education, which includes SFU as a signatory, working to create a significant shift in the Black Canadian narrative. Blackett has also chaired Canada's Human Rights Experts Panel and the federal Employment Equity Act Review Task Force and served as the lead International Labour Organization (ILO) expert both in a treaty-making process on decent work for domestic workers and in a labour code reform process in Haiti. She is the founder of McGill's Black Faculty and Staff Caucus. An elected fellow of the Royal Society of Canada and an award-winning author and educator, Blackett is the recipient of numerous honours including the Canadian Association of Black Lawyers' Pathfinder Award.

Dr. Joy MacPhail, Doctor of Laws, *honoris causa*
Friday, June 9, 2:30 p.m.
Ceremony H

Joy MacPhail is a renowned leader and social advocate who served as an NDP Vancouver-Hastings MLA from 1991-2005, and made significant contributions to politics while tirelessly advocating for under-served

and marginalized communities. Before entering politics, she joined the B.C. Federation of Labour as an economist, advocating for B.C.'s labour movement. In her multiple capacities as an economist, social activist, politician and entrepreneur, MacPhail has dedicated her life to promoting social justice and to creating a better life for all British Columbians. As a cabinet minister she was responsible for establishing Canada's first provincial child tax benefit, creating a centre of excellence for addictions research and reforming B.C.'s outdated child adoption system. As Minister of Health, her vigorous support for HIV-AIDS funding played a major role in developing treatments and reducing mortality rates. In addition to portfolios including finance, health and social services, MacPhail also served as deputy premier and leader of the opposition. Known for her incisive policy, candour, and leadership, MacPhail has been a fierce ally of the 2SLGBTQ+ community. With her husband she is an owner of OutTV, the world's longest-airing gay and lesbian TV network.

GRADUAND SPEAKERS

Graduand speakers were selected by the faculties and the registrar based on student achievement and extracurricular involvement.

**Ms. Vinisha Chaudhary, BA
Economics
Faculty of Arts and Social
Sciences
Ceremony A**

During her time at SFU, Vinisha Chaudhary has been committed to contributing to campus life while maintaining a full-time job as a graduate program assistant in the Department of Physics, and

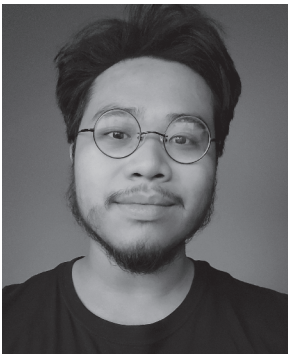

keeping up with the demands of a rigorous academic program. In addition to her studies, majoring in Economics with a minor in Gender, Sexuality and Women's Studies, she has actively worked to promote inclusivity and diversity on campus as a member of the SFU Physics Inclusion, Diversity and Equity Alliance (IDEA) Team. Vinisha has also contributed to creating a welcoming and inclusive environment for students through her role as a Residence Community Advisor. She plans to complete graduate studies in Education with the goal of becoming a thoughtful leader in her industry, while continuing to work at SFU.

**Ms. Parveer Kaur Hundal, BA
Gender, Sexuality and
Women's Studies
Faculty of Arts and Social
Sciences
Ceremony C**

As the youngest Punjabi-Sikh female candidate to run for public office during the 2021 federal election, Parveer Kaur Hundal is a devout and committed community

advocate. Named to both the President's and Dean's honour rolls while at SFU, and known for her tenacious approach to her studies, she was selected by her faculty as the 2022 Carla Poppen Undergraduate Award and scholarship recipient, given to those students in the department with a demonstrated history of volunteerism and community service. During the past year she represented Canada at the 15th annual U.S. Women's Leadership and Health Conference, which recognized her research on female fraternal health. Parveer is looking ahead to a career where her passion for politics, law and social justice can align.

**Mr. Josh Mulingbayan, BA
(Honours First Class with
Distinction)
Psychology
Faculty of Arts and Social
Sciences
Ceremony B**

During his time at SFU, Josh Mulingbayan has pursued his passion to make a difference in the field of clinical psychology, contributing as a

research and teaching assistant, and as an academic tutor, and also editing SFU's Undergraduate Journal of Psychology. He has presented his research at major academic conferences, completed an honours thesis, and graduates with first class honours. His experience as a research assistant led him to gain experience in several research labs in the Department of Psychology, including the Eyewitness Memory Lab, the Child Memory Research Group and the Adolescent Risk and Resilience Lab. He will benefit from that experience as he continues on with graduate studies related to correctional rehabilitation and ultimately, to help those in forensic populations.

**Ms. Guransh Gill, BBA
(Honours with Distinction)
Accounting and Finance
Beedie School of Business
Ceremony D**

Throughout her undergraduate journey, Guransh Gill has been an active member of the SFU community. As a business student on the President's and Dean's honour rolls, she

has represented SFU in various case competitions, including JDC West (2022), the most prestigious undergraduate business competition in Western Canada and the Business and Management Case Competition 2022, hosted by Universidad Panamericana. She has also leveraged her critical thinking, public speaking, and research skills to help the community as a pro-bono consultant at Axis Consulting and as vice-president of Finance at the student-led Enactus SFU. Guransh is graduating with an Honours degree in Business Administration, specifically in the areas of Accounting and Finance—skills that she will continue to build on as she pursues a CPA designation.

GRADUAND SPEAKERS

Mr. Ryan Stolys, BAsc (with Distinction)
Engineering Science
Faculty of Applied Sciences
Ceremony E

As a member of SFU's Varsity Golf Team, Ryan Stolys contributed to record-setting performances and helped the team compete in the NCAA Championships. As president of the Student-Athlete

Advisory Committee, he advocated for mental health and raised more than \$15,000 for local charities. He also served as co-chair of the working group responsible for recommending the new SFU athletics team name, Red Leafs. During his six years at SFU studying computer engineering and participating in SFU's eCoop program, Ryan was awarded more than \$75,000 in scholarships. He also started One Iota Performance, a sports performance startup aimed at helping athletes and coaches take a holistic approach to training. After graduation, Ryan plans to continue growing his venture and compete in golf at an amateur level.

Ms. Emma Savić Kallesøe, BFA (First Class with Distinction)
Theatre Performance
Faculty of Communication, Art and Technology
Ceremony G

During her time at SFU Emma Savić Kallesøe pursued a fine arts degree and grew her experience as a leader, performer and

activist, broadening her artistic practice while also having an impact beyond theatre performance. As a volunteer youth leader with Scouts Canada, she has earned the organization's Rover Award and an international Duke of Edinburgh Award for her personal achievements. Her interests are diverse, with studies that ranged from archaeology to calculus, and involvements that led her from live performances and improv nights to backpacking B.C.'s backcountry. Emma's future plans include growing her involvement in the fields of production management and creatively directing live performance works, striving to "let failure inspire her," noting that theatre is "after all, about finding excitement in human imperfections."

Dr. Gisele Umviligihozo, PhD
Health Sciences
Faculty of Health Sciences
Ceremony F

As a PhD student in the Faculty of Health Sciences, Gisele Umviligihozo has contributed to advancing research to help address HIV prevention. Her research focused on the functional analysis of genetically diverse

HIV-1 accessory proteins, and the identification of sequence signatures associated with function variations that may impact clinical disease development. Her research has been supported through scholarships from the national Queen Elizabeth II Diamond Jubilee program, the Sub-Saharan African Network for TB and HIV research excellence, the Canadian Institutes of Health Research and SFU graduate fellowships. Her goal is to pursue a professional career that will enable her to use the fundamental scientific knowledge she gained at SFU to help uncover viral dynamics relevant to designing a vaccine or cure for HIV.

Mr. Brennan Strandberg-Salmon, BEnv (First Class with Distinction)
Resource and Environmental Management
Faculty of Environment
Ceremony H

During his time as a student in the Faculty of Environment, Brennan Strandberg-Salmon has

grown his impact as a youth climate leader, working to advance a low-carbon, equitable future. He led efforts with student club SFU350 to advocate for university sustainability initiatives, including SFU's commitment to fossil fuel divestment and its climate emergency declaration. A volunteer youth climate advocate with the BC Council for International Cooperation's climate change branch and chair of the BC Nature Climate Change Committee, Brennan sought to further his knowledge and experience through co-op terms that focused on climate-related themes. He is also a policy analyst in Environment Canada's Strategic Policy Branch helping to implement the government's environmental priorities and hopes to further his impact by pursuing graduate studies.

MEDAL RECIPIENTS

GOVERNOR GENERAL'S GOLD MEDAL

Awarded to the two graduate students who achieve the highest academic standing upon graduation from a master's or doctoral degree program.

Dr. Hyomin Choi, PhD, Engineering Science
Faculty of Applied Sciences
Ceremony E

For his doctoral thesis, Hyomin Choi studied a novel video compression framework using artificial intelligence to optimize transmission bandwidth while serving human and machine vision consumption. His proposed AI-based algorithm contributes to efficient compression and transferring video data in a scalable manner. The recipient of a Vanier Canada Graduate Scholarship and IEEE Transactions on Circuits and Systems for Video Technology Best Paper Award, he is published in 18 international journals and conferences and has also filed U.S. patent applications. Hyomin is a research scientist at Silicon Valley's InterDigital, continuing his research on AI-based video compression to include international standardization activities for video compression technology.

Dr. Natalie Kinloch, PhD, Health Sciences
Faculty of Health Sciences
Ceremony F

As a graduate student at SFU, Natalie Kinloch's PhD research leveraged HIV genetic diversity to better understand the virus, and address some of the problems this diversity itself poses towards the development of both an HIV vaccine and cure. A Governor General's Gold Academic Medal recipient, she earned a 4.25 CGPA in her graduate program, as well as numerous awards, including the prestigious CIHR Vanier Scholarship to support her doctoral studies. She is a current SFU postdoctoral fellow and a research assistant at the BC Centre for Excellence in HIV/AIDS.

GRADUATE DEAN'S MEDAL

Recognizes graduating students from each faculty whose cumulative grade point average places them in the top five per cent of their class.

Dr. Xiaolin Sun, PhD, Economics
Faculty of Arts and Social Sciences
Ceremony A

As a PhD student and Graduate Dean's Entrance Scholarship recipient, Xiaolin Sun made important contributions to the field of econometrics. She developed novel estimation methods to study the impact of various programs on key societal outcomes. Her thesis explored the effects of electricity grids on employment, healthcare programs on expenditure, and more. By harnessing a unique property to extract more information from the data, Xiaolin demonstrated the power of econometrics to shed light on complex systems. Xiaolin continues her research on treatment effects at Monash University, where she remains committed to advancing our understanding of important social issues.

Ms. Tiara Cash, MA, Psychology
Faculty of Arts and Social Sciences
Ceremony B

For her second master's thesis at SFU, Tiara Cash studied life transitions and prosocial behavior as a possible strategy for boosting well-being in first-year students. Working with Dr. Lara Aknin in the psychology department's Helping and Happiness lab, she discovered that those engaged in more prosocial behaviour also experienced higher well-being. Tiara recently received a Vanier Canada Graduate Scholarship to pursue doctoral level studies enabling her to continue her work in social psychology. She is also a member of the 2023-2024 SFU Diversity Council and works to support equity-deserving groups on campus.

Ms. Melennia Point, Indigenous EMBA
Beedie School of Business
Ceremony D

Melennia Point's capstone project focused on economic reconciliation in Canada, revealing that while there is increasing recognition of Indigenous rights and title, challenges to meaningful reconciliation remain. Key to this is economic reconciliation, but definitions and implementation vary, with challenging cultural differences between Indigenous and non-Indigenous views. The lack of genuine efforts by governments, businesses and media reflects a focus on profit and risks neo-colonialism. Melennia's research highlights the need for ongoing efforts towards true reconciliation and Indigenous leadership, with clear actions and definitions to move forward. A Vancouver Aboriginal Friendship Centre Society volunteer, she plans to pursue a PhD to continue economic reconciliation research.

MEDAL RECIPIENTS

GRADUATE DEAN'S MEDAL

Dr. Lovdeep Gondara, PhD, Computing Science
Faculty of Applied Sciences

Ceremony E

Lovdeep Gondara's PhD work focused on privacy-preserving and decentralized machine learning, where he developed methods to ensure that machine learning models do not leak sensitive information about training data and can also work in a decentralized setting. He received a Canada Graduate Scholarship Doctoral (CGS-D) award from the Natural Sciences and Engineering Research Council (NSERC) to support his doctoral research. He now works as a data scientist/statistician at BC Cancer Agency and is further developing and applying the methods he proposed during his graduate work.

Dr. Yu (Dennis) Liu, PhD, Chemistry
Faculty of Science

Ceremony F

Yu (Dennis) Liu's PhD work sought to address the emerging antimicrobial drug resistance crisis by developing assays that facilitate the discovery of new bioactive compounds. A key research element was integrating these assays with high-throughput screening robotics, to accelerate the pace for large chemical library testing. Specifically, he developed a system to identify compounds that exploit weaknesses unique to drug-resistant bacteria, leading to the discovery of compounds that suppress the emergence of resistance against a major class of antibiotics in use today. Dennis currently works as an SFU postdoctoral researcher, exploring high-content imaging assays in cancer cell lines.

Dr. Miranda Danielle Louwerse, PhD, Chemistry
Faculty of Science

Ceremony F

Miranda Louwerse obtained her PhD in Chemistry with supervision from Professor David Sivak in the Department of Physics. Her interdisciplinary research on energetically efficient driving of reactions in biomolecular systems yielded a novel theory that provides a quantitative perspective on the central concept of a "reaction coordinate" that underlies chemical reaction theory. Her work was published in several academic journals and highlighted in popular-science articles and podcasts. Miranda's research at SFU was supported by NSERC Canada Graduate Scholarships at both the master's and doctoral level. She is currently employed as a Data Scientist at AbCellera Biologics in Vancouver, B.C.

GRADUATE DEAN'S MEDAL

Dr. Suk Kyoung Choi, PhD, Interactive Arts and Technology
Faculty of Communication, Art and Technology

Ceremony G

Suk Kyoung Choi came to SFU's School of Interactive Arts and Technology (SIAT) with a background in the fine arts. At SIAT she studied artificial intelligence to examine the displacement of embodiment by technology. Her PhD thesis explores the implications of this position and contributes to the development of human-centered AI. Her successful SSHRC Insight grant, supported by Dr. Steve DiPaola, was instrumental in supporting research in artificially intelligent aesthetics, resulting in several peer-reviewed publications. Suk Kyoung's future research interests are in the humanistic implications of artificial intelligence, questioning how subjectivity transforms in our relationship with intelligent machines.

Dr. Tanya Jane Behrisch, PhD, Education
Faculty of Education

Ceremony H

Tanya Behrisch's doctoral research on mastery explored how people relate to strangeness—anything that feels threatening or uncertain. While mastery is often equated with domination and control, Tanya found artistic mastery relies on releasing control and surrendering to unknowns. Pursuing mastery in art or team management combines disciplined practice and humility to accept unknowns, including our darker sides that overreach to cancel others. Making friends with unknowns allows us to embrace ambiguity, which offers creative potential. Tanya, who currently manages the Faculty of Applied Sciences co-op program, applies this wisdom to managing large teams in SFU's Work Integrated Learning. Her oil paintings are held in private collections worldwide.

Dr. Natalie Frandsen, PhD, Education
Faculty of Education

Ceremony H

Natalie Frandsen completed her PhD in Educational Technology and Learning Design. Her research brings together experience in public health, mental health, and post-secondary teaching, and focuses on accessible and inclusive education for students with mental-health-related disabilities who study online. Combining learning design and health promotion frameworks, her thesis explored influences on post-secondary learning and academic performance. Natalie's doctoral work was generously supported by the Social Sciences and Humanities Research Council (SSHRC), Joseph-Armand Bombardier scholarship. Natalie is an Assistant Teaching Professor in the School of Public Health and Social Policy at the University of Victoria, where she advocates for online learning mental-health-promoting communities.

MEDAL RECIPIENTS

GRADUATE DEAN'S MEDAL

**Dr. Hilda Fernandez-Alvarez, PhD, Environment
Faculty of Environment
Ceremony H**

Hilda Fernandez-Alvarez, a psychoanalyst originally from Mexico, worked for more than 10 years for Vancouver Coastal Health (VCH). Her background includes clinical psychology, literature and geography. Awarded the prestigious Vancouver Coastal Health Research Institute Team Grant, her doctoral dissertation maps the understandings of trauma and healing among patients, clinicians and management at VCH. Considering trauma services provision challenges, she illustrates how, why, and where mental health community practices avoid facing the complexity of trauma and are unable to support people's psychological and social needs. She plans to share her findings to help improve mental health services at a seminar for VCH clinicians.

GOVERNOR GENERAL'S SILVER MEDAL (UNDERGRADUATE)

Awarded to the two undergraduate students who achieve the highest scholastic standing upon graduation from a bachelor's degree program.

**Mr. Hou In (Ivan) Tam, BSc
Computing Science
Faculty of Applied Sciences
Ceremony E**

Hou In (Ivan) Tam is a distinguished graduate of Simon Fraser University, earning a bachelor's degree in computing science. Throughout his academic journey, Ivan has excelled in coursework and demonstrated a remarkable aptitude for the field. Fueled by his passion for computer graphics, he eagerly enrolled in advanced graduate-level courses so he could delve into cutting-edge research in AI and computer graphics. Inspired by his experiences, Ivan is set to return to SFU for graduate studies in September to pursue a master's degree in computing science, and further expand his expertise and knowledge in the field.

**Ms. Juliana Besler, BSc
Physics
Faculty of Science
Ceremony F**

Juliana Besler entered SFU in Fall 2018 with an Undergraduate Scholars Entrance Scholarship with Distinction. She is graduating with a BSc Honours degree in Physics with a CGPA of 4.30, achieving an A+ in 38 of 40 courses. Juliana was twice awarded the Rudi Haering Award in Physics for her outstanding academic performance. Since 2020, Juliana has been a researcher in the Physics of Nanomagnetic Materials & Devices Lab. She has received three Undergraduate Student Research Awards, completed her honours thesis, authored four publications with first authorship of two, and been awarded an NSERC Canada Graduate Scholarship for her Master's studies.

MEDAL RECIPIENTS

LIEUTENANT GOVERNOR'S MEDAL FOR INCLUSION, DEMOCRACY AND RECONCILIATION (UNDERGRADUATE)

Awarded to an outstanding undergraduate student in any faculty who has completed the requirements for a bachelor's degree and/or a certificate or a post-baccalaureate diploma and has demonstrated academic excellence and outstanding contributions in support/promotion of one or more of the following areas: (1) inclusion, (2) democracy and/or (3) reconciliation, on campus or in their communities.

Ms. Nimrit Kaur Basra, BA (Honours First Class with Distinction)
English
Faculty of Arts and Social Sciences
Ceremony A

Nimrit Basra has excelled academically while working diligently at SFU to increase access to resources that have improved the lives of her peers. Believing that everyone deserves to feel safe on campus and be treated as a valued member of the community, she prioritizes equity and inclusion in her commitment to various organizations, including the SFSS Women's Centre, Sexual Violence Support and Prevention Office, and the Human Rights Policy Board. Through her work as a research assistant and honours student, Nimrit has advocated for community care and will continue pursuing her passion for collective justice.

GORDON M. SHRUM UNDERGRADUATE MEDAL

SFU's most prestigious undergraduate medal is bestowed on the graduating student whose high scholastic standing and extracurricular activities demonstrate outstanding qualities of character and unselfish devotion to the university.

Ms. Aleksandra (Aleks) Ciesielska, BA (Honours First Class with Distinction)
Criminology
Faculty of Arts and Social Sciences
Ceremony B

Aleksandra (Aleks) Ciesielska graduates with a BA (Hons) in Criminology, a minor in Business Administration, and a Police Studies Certificate. During her time at SFU, Aleks has been passionate about her academic endeavours, service to others, and research. Her two greatest academic achievements were her criminology honours thesis and business minor capstone project. Aleks was a Peer Educator and helped students develop effective learning and writing strategies. She was also a research assistant for projects related to officer involved shootings and the End Gang Life campaign. Aleks was a member of student-led groups that shaped student experiences at SFU.

UNDERGRADUATE DEAN'S MEDAL

Recognize undergraduate students in each faculty whose cumulative grade point average places them in the top five per cent of their class.

Mr. Yuxuan (Russell) Zhang, BA (First Class with Distinction)
Economics
Faculty of Arts and Social Sciences
Ceremony A

Yuxuan (Russell) Zhang maintained an excellent academic standing throughout his studies at Simon Fraser University and was selected to be on the dean's and president's honour roll for multiple semesters. During his time at SFU, he also received multiple scholarships such as the SFU Alumni Scholarship, the Don & Julia DeVoretz Economics Scholarship, and many others. He maintained a CGPA above 4.0 across his undergraduate journey, which lands him in the top five per cent among his peers. His undergraduate achievements led to several graduate school offers with multiple scholarships from universities across the country to pursue his master's degree in economics.

Mr. Julian Noah Polanski, BA (Honours First Class with Distinction)
History
Faculty of Arts and Social Sciences
Ceremony C

Julian Noah Polanski graduated with a bachelor of arts degree with honours in history. Throughout his time at SFU, he took courses on a wide range of geographical regions, from British Columbia to Japan. His essay on power networks in the 18th century Ottoman Empire won the William L. Cleveland Essay Prize. Through his undergraduate research Julian also developed a passion for African history. His honours thesis analyzed the way in which a popular conservative magazine, *The National Review*, argued against the decolonization of Zimbabwe and South Africa and in favour of the continuation of white-minority rule.

Ms. Vivien Ying Qi Li, BBA (First Class with Distinction)
Accounting and Finance
Beedie School of Business
Ceremony D

Vivien Ying Qi Li is graduating with a Bachelor of Business Administration degree with a concentration in accounting and finance. She was a recipient of the Undergraduate Scholars Entrance Scholarship with Distinction and has achieved a cumulative GPA of 4.27/4.33. For her academic excellence, she was on the dean's and president's honour roll in every academic semester. During her time at SFU, she participated in various case competitions, wrote for SFU's school newspaper, *The Peak*, and worked as a teaching assistant. She also participated in the Beedie co-op program and spent a year working as a U.S. cross-border tax analyst.

MEDAL RECIPIENTS

UNDERGRADUATE DEAN'S MEDAL

Mr. Jeremy Fell, BSc
Computing Science
Faculty of Applied Sciences
Ceremony E

Throughout his studies at SFU, Jeremy pursued many computer science research opportunities and software engineering internships. He held an NSERC Undergraduate Student Research Award (USRA) in SFU's Software Technology lab, investigating cybersecurity risks for autonomous maritime vessels. He also held two DAAD RISE (Research Internships in Science and Engineering) scholarships at German universities, working on privacy-preserving cryptography, as well as traffic light optimization using deep reinforcement learning, and internships at HERE Technologies, a mapping and location services company, and Arista Networks, a computer networking company. Jeremy is now working full-time as a software engineer at Arista on software-defined networking technologies.

Ms. Bita Gholamian, BA (Honours First Class with Distinction)
Health Sciences
Faculty of Health Sciences
Ceremony F

Bitam Gholamian's passion for health equity led her to pursue an honours degree in Health Sciences and Social Justice minor. Her thesis project evaluated patient satisfaction among a cohort treated for Hepatitis C in Vancouver and is being finalized for publication. Her additional research endeavours included publishing her first manuscript with the BC Centre for Excellence in HIV/AIDS as a co-author, and receiving an undergraduate research award and Pula award in health sciences for her interest and contributions to HIV research. She committed extensively to volunteer activities as a writing peer educator, health sciences peer mentor, and health advisory committee co-lead.

Mr. Arshvir Singh Dhari, BSc (First Class with Distinction)
Molecular Biology and Biochemistry
Faculty of Science
Ceremony F

Arshvir Singh Dhari is graduating with a Bachelor of Science in Molecular Biology and Biochemistry. During his undergraduate career, he actively engaged with the community through volunteerism, leadership, and research. He volunteered with the SFU Science Undergraduate Research Journal and led STEM Fellowship, a registered Canadian charity advancing education and diversity in STEM fields. Arshvir also supported research studies as a recipient of the VPR Undergraduate Student Research Award, working in SFU's Gries Lab and as University of Toronto Amgen Scholar. In the fall, Arshvir plans to begin medical school at the University of British Columbia.

Ms. Emma Savić Kallesøe, BFA (First Class with Distinction)
Theatre Performance
Faculty of Communication, Art and Technology
Ceremony G

The Dean's Convocation Medal to Emma Savić Kallesøe represents a momentous milestone in her academic and professional career: it is an encouragement to work hard for the fulfillment of failing and doing better than you could have possibly imagined. With a specialization in Theatre Performance, Emma's creative endeavors have been tried and tested to shape her own fortifying creative practice as she embarks in the contemporary arts. She credits mentors in the arts and leadership for their encouragement and plans to pursue involvements in directing live performance and production management.

Ms. Emmalee Mary Rao, BGS (First Class with Distinction)
Education
Faculty of Education
Ceremony H

Emmalee Mary Rao is a driven, dedicated, and passionate student who has earned a Bachelor of General Studies degree in Education at SFU, with an impressive GPA of 4.22. In addition to excelling academically, Emmalee dedicated much of her time to volunteering, as a peer mentor, a Home for Interactive Virtual Engagement leader, and a note-taker with the Centre for Accessible Learning. Emmalee also valued her experiences as a wayfinding tour guide and a research assistant with the Centre for Research on Early Child Health and Education. She will continue at SFU to pursue her lifelong dream of becoming an elementary school teacher.

Ms. Melissa Watts, BA (First Class with Distinction)
Archaeology
Faculty of Environment
Ceremony H

Melissa Watts is an archaeologist who completed her Cultural Resource Management certificate in addition to earning her bachelor's degree at SFU. She was on the president's honour roll over multiple years. As part of her degree, Melissa attended SFU's bioarchaeology field school in southern Portugal. In this program, she participated in the excavation of a medieval Islamic cemetery while learning about the history and archaeology of the region. Melissa also volunteered her time at the SFU Museum of Archaeology and Ethnology, where she assisted in rehousing and organizing the collections.

OUR TRADITION

SYMBOLS OF SIMON FRASER UNIVERSITY

The original Coat of Arms was granted to the university in 1965 by the Lord Lyon, King of Arms, in Edinburgh. The 1965 arms was registered in Canada in 2007.

In 2007, the Canadian Heraldic Authority granted a modification of the Coat of Arms at the request of the university. The arms are based on the arms of Fraser of Lovat, from whom the university's namesake was descended via the Frasers of Culbokie. The blue quarters with white "fraises" i.e., strawberry flowers (a pun on the name Fraser) are on the basic Fraser arms, while the white quarters with red crowns are those of Lovat. There are three books at the top of the shield, representing education. The heraldic description of the arms is: "Quarterly; first and fourth Azure three fraises Argent; second and third Argent three antique crowns Gules, all within a bordure quarterly Argent and Gules, on a chief Gules three open books proper, bound and edged Or."

The university's motto, "Nous sommes prêts", meaning "We are ready", is a variation of the traditional motto of the Clan Fraser.

The mace was commissioned by university architects Arthur Erickson and Geoffrey Massey, and was presented to the university at the opening ceremonies on September 9, 1965. The mace is 61 inches long and weighs 23 pounds. Pieces of cut and polished jade, which were taken from the university's jade boulder in the Academic Quadrangle reflecting pond, were set in silver by its designer, Haida artist Bill Reid. The mace is crowned by a silver stag's head, derived from the coat of arms of Lord Lovat, head of the Clan Fraser. The Fraser tradition was to fasten sprigs of yew in their bonnets before entering battle, and the mace was carved from a two hundred-year-old yew, gathered on Burnaby Mountain by a resident in the 1940s.

Lord Lovat presented the university with a claymore, or great sword, on September 9, 1965. The claymore was first used by a Fraser at the Battle of Culloden Moor in 1746. It was also used by a Fraser at the Battle of the Plains of Abraham in 1759. The claymore is approximately 36 inches long and weighs two pounds.

The university's flag is based on the coat of arms, and was first flown at the Convocation ceremonies in June 1981.

REGALIA

The regalia worn today by our graduates has a colourful history.

Regalia originated in the monasteries of the Middle Ages. At that time, university faculty were men of religion who wore the habit of their order when teaching. Over time, their garments came to identify their university. In Europe, laymen did not commonly teach in universities until the 19th century. Only after 1858, for example, did British law no longer require university dons to be in holy orders. Nevertheless, professors continued to wear clerical garb, with modifications in cut and design.

Regalia colours often matched those of the university patron, or of the city in which the university was located; Simon Fraser regalia combines the red and royal blue of the Clan Fraser.

The degree hood was originally part of the monk's habit — a carryall for food or other small items. Eventually, the hood became separate from the gown, variegated in colour, and emblematic of scholars and degrees from particular universities. Hoods in Canada and Europe are unique in design and colour to each degree and each university.

The history of the mortarboard worn by our bachelor's and master's graduands begins with high church dignitaries in the 16th century. These officials wore hats consisting of little more than a cap with a raised, squared crown. By the 18th century, the crown had evolved into a cloth-covered board, and the wearers into the deans and rectors of universities. The 19th century saw the top knob replaced by a tassel and the cap become required student attire. Reminiscent of the square board masons used to hold mortar, students dubbed the headgear a "mortarboard" — college slang of the day.

Doctoral hats are patterned after the Florentine hats in the time of the Medici. Students purchased hats of the appropriate university colours when continuing with advanced studies after completing the bachelor's degree.

THE PRESIDENT'S AND CHANCELLOR'S REGALIA

In early 2020, following on the Calls to Action presented in SFU's Aboriginal Reconciliation Council report, SFU undertook to renew the President and Chancellor's regalia with a design that would respectfully honour the first peoples and the traditional lands on which the SFU Burnaby campus resides.

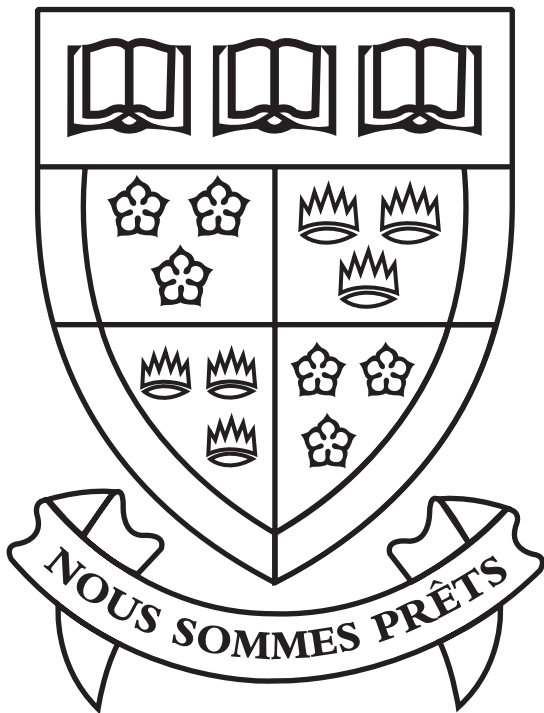

The motifs that appear on the regalia were chosen and designed by Hereditary Chief Janice George (Chepximiya Siyam') and Willard 'Buddy' Joseph (Skwetsimeltxw) of the Skwxwú7mesh Úxwumixw (Squamish Nation). Local designer Beverli Barnes designed the gowns.

These motifs can also be seen on the Newxniw'chet (*The Teachings*) Salish blankets that hang in SFU's Saywell Hall Atrium. They represent the first peoples that lived on Burnaby Mountain and the food they harvested there. The motifs also represent leadership and nobility, adaptability, the past and the present. Arranged on the gowns in contemporary colours and fabric, the patterns evoke the style of a traditional Salish blanket.

"The Salish blanket, worn as a ceremonial robe, is an object of extraordinary complexity. Said to exist in the supernatural realm, these robes are made manifest in the natural world through Ancestral guidance. Wearing a woven blanket during ritual is transformative, moving the individual from the mundane to a sacred space. They are protective garments that at times of great changes in a person's life... offer emotional strength. The object, the maker, the wearer, and the community itself are bound and transformed through the creation and use of the Salish blanket."
