

SFU Press Releases Collection

These archival copies have been generated from web press releases maintained and originally written by SFU Communications and Marketing. Where possible, an effort has been made to preserve the public comments left on the website as well as any included photos or other images. All textual content should be faithful to the original press releases; contact numbers have been removed but they have not otherwise been altered in any way. However, this collection of documents spans multiple generations of web authoring software and not all formatting will be exact.

MEDIA ADVISORY

The Beedie School of Business at Simon Fraser University is hosting the third annual Opportunity Fest, a marketplace-style showcase of student creativity, entrepreneurship and innovation, next week at its Surrey campus.

About 150 undergraduate students from the school's entrepreneurship and innovation concentration will present their class-produced projects and ventures through trade-show exhibits. The student ventures build on opportunities in areas such as video hosting, online Chinese literature and products made from reclaimed wood.

Judges from industry, academia and the wider community will engage with the student teams, evaluate their endeavours and award a number of prizes. Each winning team will receive a \$1,000 cash prize and be matched to a business mentor that will help them take their idea forward.
