

Managerial Accounting I

Business Administration 254

Section: D100

Term: 2000 Fall

Instructor: Dr. M. Favere-Marchesi

Discussion Topics: Course Objectives:

The objectives of BUS 254 are to:

1. Introduce the student to the business decisions that may be supported by certain management accounting techniques.
2. Develop the student's critical analysis and problem-solving techniques of business situations.

Course Coverage:

- The managerial accounting environment
- Cost flows, cost behaviour and terminology
- Product costing - job order and process costing
- Standard costs
- Variable costing
- Cost-volume-profit analysis
- Flexible and static budgeting concepts
- Relevant cost, segment reporting and decentralization
- Responsibility accounting
- Recognition and resolution of an ethical dilemma

Grading: To be discussed in the first lecture.

Required Texts: Garrison, Noreen, Chesley & Carroll; Managerial Accounting, 4th ed., Irwin: 1999.

Managerial Accounting I

It is expected that the students will have read the assigned textbook material BEFORE coming to class. Lectures will be conducted on that assumption.

Recommended Texts:

Materials/Supplies:

Prerequisite/Corequisite: Prerequisites:

BUS 251; 15 credit hours.

Students with credit for BUS 324 or BUS 328 may not take BUS 254 for further credit.

Notes: Please read Chapter 1 for the first lecture.

There will be no tutorials during the first week of the semester.
