CHANCELLOR'S WELCOME

Welcome to SFU's Fall 2021 Convocation Ceremony.

Although we must all remain vigilant to keep each other safe, it's wonderful to see SFU come back to life. We are a big, diverse, and dynamic community, buzzing with creativity and ideas. And over the last 18 months, under the most challenging of circumstances, you have helped us keep that spirit alive. We are immensely grateful to you, your loved ones and all those who helped you along the way. Your resolve will not soon be forgotten.

Now, as you prepare for what comes next in your lives, you do so with the knowledge you have gained, but also, I hope, with the wisdom and understanding you have earned. If the pandemic has taught us anything, it is that our individual destinies are linked and that we share a common future. It is an enduring truth that will make a better world. And always know that SFU is part of your extended family.

From all of us, our heartfelt congratulations.

Tamara Vrooman, O.B.C., LLD (hon.)
Chancellor

PRESIDENT'S WELCOME

It takes an enormous amount of hard work and determination to earn a university degree. Every graduating class deserves recognition for its accomplishment. But the perseverance you showed in completing your degree at one of the most challenging times in recent history adds special meaning and significance to this ceremony. I am so proud of you. I know it wasn't easy. But you did it.

And now as you look ahead, I hope and trust that what you have learned at SFU will have prepared you well for the challenges ahead. Because the future is not found. Rather it is created by people like you who through the acquisition of knowledge gain a better understanding of our world and the wisdom to help

make it better. That enduring spirit lives on in the grace and determination you have shown throughout your time here.

As you mark this important moment with friends, family and all those who helped you along the way, please know that in whatever path you choose, SFU will always be here for you. We are a community of students, faculty, staff and alumni who are a source of strength and support that you can draw on in whatever path you choose.

HISTORY

The university is named after Simon Fraser, loyalist, fur trader and explorer, who in 1808 completed a great journey in the annals of Canadian history by descending the river which today bears his name. In January 1963, a report recommended the creation of a new university in the Lower Mainland — two months later the establishment of Simon Fraser University received formal assent in the British Columbia Legislature and Dr. Gordon M. Shrum was appointed the first chancellor.

From a variety of sites, the chancellor recommended the top of Burnaby Mountain, with its magnificent views of Burrard Inlet, the Coast Mountains, the Fraser River and Vancouver harbour — the unceded, traditional and occupied lands of the Squamish, Tsleil-Waututh, Musqueam, and Kwikwetlem peoples.

The Vancouver firm of Erickson/Massey won the design competition, but the four runner-up architects each designed at least one building within the overall plan. Construction began in the spring of 1964 and 18 months later on September 9, 1965, SFU opened to 2,500 charter students.

Since then, the university expanded to downtown Vancouver and the Surrey Central district. The Vancouver campus has grown from a modest storefront offering night school classes in the early '80s to the largest post-secondary institution downtown. SFU Vancouver's nine sites offer degree and continuing studies opportunities for students and include several galleries, innovation centres, a student residence and the internationally renowned Morris J. Wosk Centre for Dialogue. SFU's Vancouver campus celebrated 30 years of learning, research and community engagement in 2019.

Since 2002, SFU's Surrey campus has helped define and shape Surrey's city centre. The campus offers a diverse number of undergraduate, graduate and continuing studies courses and is home to world-class, leading edge research in health, energy and creative technologies. The Surrey campus also supports a thriving entrepreneurial learning environment. The campus currently occupies a stunning facility designed by renowned architect Bing Thom. In the fall of 2019, SFU's Surrey campus opened its newest 160,000 square foot building, the last project designed by the late Thom. The building houses SFU's new School of Sustainable Energy Engineering featuring innovative labs and a 400-seat lecture theatre for both academic and community use.

Simon Fraser University has been characterized by its adventurous spirit, openness, willingness to embrace bold initiatives and its commitment to reconciliation. SFU's unique educational programs, inspired research and vibrant community relations set it apart from other universities — in B.C. and in Canada.

SFU respectfully acknowledges that its three campuses reside on the traditional, unceded territories of the Skwxwú7mesh Úxwumixw (Squamish), səliilwəta7t (Tsleil-Waututh), xʷməθkʷəy̓əm (Musqueam), kʷikwəłəm (Kwikwetlem), Kwantlen, qíçəy̓ (Katzie), Qayqayt, Semiahmoo and Tsawwassen peoples.

FALL 2021 HONORARY DEGREE RECIPIENTS

**Ceremony E | Thursday,
October 7, 10:00 a.m.**
**Dr. John Blatherwick,
Doctor of Science,
honoris causa**

A trailblazing public health leader, Dr. John Blatherwick spent almost four decades keeping people healthy. A catalyst and an innovator, he led Vancouver's response to the 2003 SARS outbreak

and was the driving force behind a number of public health initiatives, fighting for safe drinking water, non-smoking bylaws and childhood vaccine programs. A believer in harm reduction, he also established the largest needle-exchange program and the first supervised injection site in North America. He retired as one of Canada's longest-serving medical health officers. Blatherwick served in the Canadian Forces Reserves for 39 years. He has received the Order of Canada, the Order of B.C and the Order of St. John. He was named a Canadian Health Hero by the Pan American Health Association in 2002.

**Ceremony A | Tuesday,
October 5, 10:00 a.m.**
**Dr. Catherine Clement,
Doctor of Laws,
honoris causa**

A community history curator, exhibitor and volunteer, Dr. Catherine Clement has surfaced and shared lesser-known stories of Vancouver's historic Chinatown.

Among her many projects, Clement worked to uncover the hidden images of Yucho Chow, the city's first and most prolific Chinese photographer. Her 10-year community collection project, which culminated with a month-long public exhibition and a 344-page book, helped reveal the lives of people from many marginalized communities during a tumultuous and transformative period in Vancouver's history (1907-1949).

A former communications executive, Clement served as volunteer curator for the Chinese Canadian Military Museum and designed a series of exhibitions about Chinese Canadian soldiers during the Second World War.

She is currently working on a project that will commemorate the 100th anniversary of the 1923 Chinese Exclusion Act.

**Ceremony F | Thursday,
October 7, 2:30 p.m.**
**Dr. Margo Kane,
Doctor of Fine Arts,
honoris causa**

A visionary activist and storyteller, Dr. Margo Kane is a renowned interdisciplinary artist and a major advocate for advancing Indigenous performing arts in Canada.

Kane, who created the Full Circle: First Nations Performance Company in 1992 to reach historically underserved rural communities, helped illuminate the extent of Indigenous omission in Canada's arts landscape.

In that regard, she has dedicated her life to training and mentoring Indigenous artists and creating showcases where emerging and professional artists can thrive and share their work and culture.

Nowhere is that more evident than Kane's work on SFU's strategic community engagement initiatives, including the annual Talking Stick Festival and the Bah Humbug project, a holiday staple in the Lower Mainland for the past 10 years. In recognition of her efforts, she was recently appointed to the Order of Canada.

**Ceremony C | Wednesday,
October 6, 10:00 a.m.**
**Dr. Nurjehan Mawani,
Doctor of Laws,
honoris causa**

A champion of equity, justice, diversity, and international development, Dr. Nurjehan Mawani has worked tirelessly to improve the lives of immigrants and refugees in Canada and advance rights

and educational opportunities for women and girls.

As Chair of the Immigration and Refugee Board she issued groundbreaking guidelines for refugees and gender-related persecution and co-founded the International Association of Refugee Law Judges, bridging law and policy to support women refugee rights.

More recently, Nurjehan served as Ambassador of the Aga Khan Development Network to the Krygyz Republic and Afghanistan. Partnering with multiple stakeholders, her work centred on inclusive and participatory development and its nexus with peace and stability.

She also sits on SFU's Faculty of Environment's advisory committee, helping address the interwoven issues of gender, environment and sustainable development.

Nurjehan is a recipient of the Order of Canada, the Public Service of Canada Outstanding Achievement Award and has been conferred two previous honorary degrees.

The degree of Doctor of Laws, *honoris causa*, was conferred on Dr. Borrows on Thursday, June 11, 2020 at the Virtual Convocation ceremony.

**Ceremony G | Friday,
October 8, 10:00 a.m.
Dr. Herb (Jay) James
Doctor of Laws,
*honoris causa***

Dr. Herb M. James is an international foundation executive, philanthropist and an SFU charter student, who, for more than half a century, has helped improve the lives of thousands of deaf and

hearing-impaired children around the world through his better hearing/better health programs.

As president and founder of the International Sound Foundation (ISF), James works with volunteer physicians and nurses to offer free hearing screening and basic medical procedures, including ear surgeries, in 10 developing countries.

Battling deafness as a teen, James received life-changing ear surgery in Sweden that, at the time, was unavailable elsewhere. After reading about a new audio test unit for pre-school children, James purchased one of the units and lent it free to the B.C. government. Eventually he bought dozens for developing countries through the ISF Better Hearing-Better Life program, which has helped thousands of children hear again. His foundation also collects and refurbishes operational hearing aids, which it distributes free to people in need.

The degree of Doctor of Laws, *honoris causa*, was conferred on Dr. James on Monday, June 21, 2021 at the Virtual Convocation ceremony.

**Ceremony B | Tuesday,
October 5, 2:30 p.m.
The Honourable
Dr. Wally Oppal
Doctor of Laws,
*honoris causa***

A former judge and attorney general, The Honourable Dr. Wally Oppal has made significant contributions to B.C.'s justice system. He has spent most of his working life

fighting for community safety and justice for society's most vulnerable and has led high-profile public commissions into missing women and policing in B.C.

In 1981, after a decade in criminal law, Oppal became the first judge of Indian heritage outside India. He left the B.C. Court of Appeal in 2005, and was elected to the Legislative Assembly of B.C., serving as the province's Attorney General and Minister Responsible for Multiculturalism.

He is the recipient of numerous awards, including the Order of B.C. and recently served as Chancellor of Thompson Rivers University. Oppal also co-chaired the SFU India Advisory Council.

The degree of Doctor of Laws, *honoris causa*, was conferred on the Honourable Dr. Oppal on Monday, June 21, 2021 at the Virtual Convocation ceremony.

OUR TRADITION

SYMBOLS OF SIMON FRASER UNIVERSITY

The original Coat of Arms was granted to the university in 1965 by the Lord Lyon, King of Arms, in Edinburgh. The 1965 arms was registered in Canada in 2007.

In 2007, the Canadian Heraldic Authority granted a modification of the Coat of Arms at the request of the university. The arms are based on the arms of Fraser of Lovat, from whom the university's namesake was descended via the Frasers of Culbokie. The blue quarters with white "fraises" i.e., strawberry flowers (a pun on the name Fraser) are the basic Fraser arms, while the white quarters with red crowns are those of Lovat. There are three books at the top of the shield, representing education. The heraldic description of the arms is: "Quarterly; first and fourth Azure three fraises Argent; second and third Argent three antique crowns Gules, all within a bordure quarterly Argent and Gules, on a chief Gules three open books proper, bound and edged Or."

The university's motto "Nous sommes prêts", meaning "We are ready", is a variation of the traditional motto of the Clan Fraser. The mace was commissioned by university architects Arthur Erickson and Geoffrey Massey, and was presented to the university at the opening ceremonies on September 9, 1965. The mace is 61 inches long and weighs 23 pounds. Pieces of cut and polished jade, which were taken from the university's jade boulder in the Academic Quadrangle reflecting pond, were set in silver by its designer, Haida artist Bill Reid. The mace is crowned by a silver stag's head, derived from the coat of arms of Lord Lovat, head of the Clan Fraser. The Fraser tradition was to fasten sprigs of yew in their bonnets before entering battle, and the mace was carved from two hundred-year-old yew, gathered on Burnaby Mountain by a resident in the 1940s.

Lord Lovat presented the university with a claymore, or great sword, on September 9, 1965. The claymore was first used by a Fraser at the Battle of Culloden Moor in 1746. It was also used by a Fraser at the Battle of the Plains of Abraham in 1759. The claymore is approximately 36 inches long and weighs two pounds.

The university's flag is based on the coat of arms, and was first flown at the Convocation ceremonies in June 1981.

REGALIA

The regalia worn today by our graduates has a colourful history.

Regalia originated in the monasteries of the Middle Ages. At that time, university faculty were men of religion who wore the habit of their Order when teaching. Over time, their garments came to identify their university. In Europe, laymen did not commonly teach in universities until the 19th century. Only by 1858, for example, did British law no longer require university dons to be in holy orders. Nevertheless, professors continued to wear clerical garb, with modifications in cut and design.

Regalia colours often matched those of the university patron, or of the city in which the university was located; Simon Fraser regalia combines the red and royal blue of the Clan Fraser.

The degree hood was originally part of the monk's habit — a carryall for food or other small items. Eventually, the hood became separate from the gown, variegated in colour, and emblematic of scholars and degrees from particular universities. Hoods in Canada and Europe are unique in design and colour to each degree and each university.

The history of the mortarboard worn by our Bachelors and Masters begins with high church dignitaries in the 16th century. These officials wore hats consisting of little more than a cap with a raised, squared crown. By the 18th century, the crown had evolved into a cloth-covered board, and the wearers into the deans and rectors of universities. The 19th century saw the top knob replaced by a tassel and the cap become required student attire. Reminded of the square board masons used to hold mortar, students dubbed the headgear a "mortarboard" — college slang of the day.

Doctoral hats are patterned after the Florentine hats in the time of the Medici. Students purchased hats of the appropriate university colours when continuing with advanced studies after completing the bachelor degree.

THE PRESIDENTS' AND CHANCELLORS' REGALIA

In early 2020, following on the Calls to Action presented in SFU's Aboriginal Reconciliation Council report, SFU undertook to renew the President and Chancellor's regalia with a design that would respectfully honour the first peoples and the traditional lands on which the SFU Burnaby Campus resides.

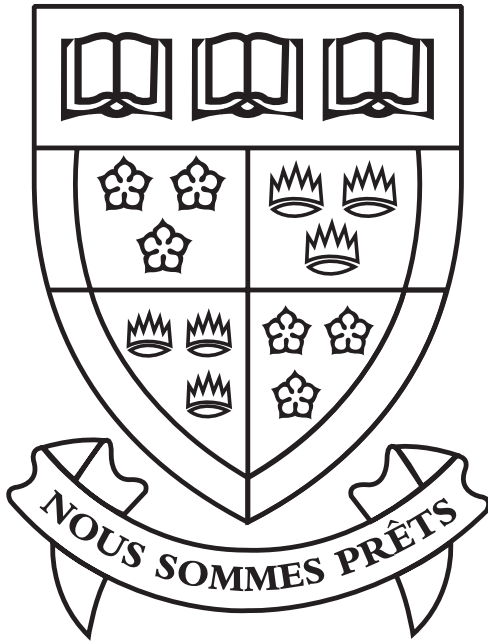

The motifs that appear on the regalia were chosen and designed by Hereditary Chief Janice George (Chepximiya Siyam') and Willard 'Buddy' Joseph (Skwetsimeltxw) of the Squamish Nation. Local designer, Beverli Barnes designed the gowns.

These motifs can also be seen on Newxniw'chet (*The Teachings*) Salish blankets that hang in SFU's Saywell Hall Atrium. They represent the first peoples that lived on Burnaby Mountain and the food they harvested there. The motifs also represent leadership and nobility, adaptability, the past and the present. Arranged on the gowns in contemporary colours and fabric, the patterns evoke the style of a traditional Salish blanket.

"The Salish blanket, worn as a ceremonial robe, is an object of extraordinary complexity. Said to exist in the supernatural realm, these robes are made manifest in the natural world through Ancestral guidance. Wearing a woven blanket during ritual is transformative, moving the individual from the mundane to a sacred space. They are protective garments that at times of great changes in a person's life... offer emotional strength. The object, the maker, the wearer, and the community itself are bound and transformed through the creation and use of the Salish blanket".
