Business Administration 321

Section: E100

Term: 1998 Fall

Instructor: A. Duncan

Office: WMX 3377

Phone: 291-3637

Discussion Topics: Course Coverage:

This course provides an in-depth coverage of short-term and long-term liabilities, ownership equity, income tax allocation, leases and pensions. The coverage of these topics aims at helping the student develop professional competence in Financial Accounting. The student is expected to focus on specific technical issues and integrate the pieces into a conceptual framework. Theory and policy are integrated in the presentation of these topics. The effect of alternative valuation methods will be considered.

Grading: This is a tentative grading scheme; it may be altered at the discretion of the instructor.
