

Principles of Macroeconomics

Economics 105

Section: D300

Term: 2010 Spring

Instructor: E.Sehic

Discussion Topics: Macroeconomics is the study of total behavior. It looks at the big picture of the economy. How do consumers, producers, the government, and the central bank affect the economy?

DURING THE FIRST WEEK OF CLASSES **

Students requiring accommodations as a result of a disability must contact the Centre for Students with Disabilities at 778-782-3112 or csdo@sfu.ca

All students are expected to read and understand SFUs policies with regard to academic dishonesty (S 10.02 and S 10.03).

These policies are available at the following web addresses:

<http://www.sfu.ca/policies/files/Students/S10.02.pdf>
and <http://www.sfu.ca/policies/files/Students/S10.03.pdf>

This outline is derived from a course outline repository database that was maintained by SFU Student Services and the University's IT Services Department. The database was retired in 2014 and the data migrated to SFU Archives in 2015.
