

SFU Press Releases Collection

These archival copies have been generated from web press releases maintained and originally written by SFU Communications and Marketing. Where possible, an effort has been made to preserve the public comments left on the website as well as any included photos or other images. All textual content should be faithful to the original press releases; contact numbers have been removed but they have not otherwise been altered in any way. However, this collection of documents spans multiple generations of web authoring software and not all formatting will be exact.

Back-to-school education experts

Contact: To arrange an interview with any of the professors below, contact Ruby Ng in the Faculty of Education: O: [Phone removed]; C: [Phone removed]; rubyng@sfu.ca

August 31, 2006
